ORS 192.630 “The Public Meetings Law is a public attendance law, not a public participation law. The right of public attendance guaranteed by the Public Meetings Law does not include the right to participate by public testimony or comment.”

“Attorney General’s Public Records and Meetings Manual”

### **Water Restriction Suggestions:**

No Watering of Lawns

No Filling of Pools or Spas.

No Car Washing at Home- Car Wash on 101 is on a Well that can still be open and available for use.

No new Water Hook ups

Water in restaurants only if requested or provide bottled water

No Power Washer Usage

No Washing Boats, Water crafts, ATV's and UTV's unless at the designated car wash on 101.

### **Indoor water conservation tips:**

- Take a shallow bath instead of a shower. (Saves 15-20 gallons per day). If you take a shower, make it 5 minutes and install a shower timer.
- Don't use the toilet as a garbage can. (Saves 400-600 gallons per month).
- Turn off the water while brushing your teeth. (Saves 3 gallons per day).
- Run only full loads in the washing machine and dishwasher. (Saves 75-200 gallons per week).
- Keep a bottle of cold water in the refrigerator for drinking instead of running the faucet. (Saves 200-300 gallons per month).
- Use the garbage disposal less and compost more. (Saves 50-150 gallons per month).
- If you don't want water in a restaurant, don't take it, you will save the water in the glass and the water used to wash the glass. (Collectively saves millions of gallons per year).
